On the occasion of World Physiotherapy Day 2021, SOCIAL AWARENESS CLUB of MAEER'S Physiotherapy College, Talegaon Dabhade had conducted a Skit performance on 8th September 2021. The preparation for same began a month ago where announcement was made regarding the same.

The Theme was, "Awareness of Vaccination and Covid Appropriate Behavior Post Vaccination". Last day of submission of script was declared to be 3rd September 2021. 2nd Year students enthusiastically participated in it. The trial for the skit by 2nd year was taken by the social awareness club teachers on 6th September in the Electrotherapy core lab. After that, some suggestions were given like addition of slogans and opening act song by 1st year and 2nd years together.

On 8th September, the Skit was conducted near the OPD building near DENTAL OPD outside the case paper registration counter. The patients and their relatives gathered maintaining social distancing norms. The skit began with claps and song by the 2nd year, the skit performance lasted for 10 min with the manual slogans and awareness posters displayed in the background. The skit reached the masses as it was in local language and was appreciated by the people gathered around.

SAFETY IN OUR HANDS

Violence against women is a worldwide phenomenon and still a hidden problem. It is woven into the fabric of the society to such an extent that victim who are assaulted feel that they are at fault. Many of those who perpetrate violence feel justified by strong societal messages that say that rape, battering, sexual harassment, child abuse, and other forms of violence are acceptable. Every day we see images of male violence against women in the news, on TV shows, in the movies, in advertising, and in our homes and places of work.

Therefore, it's up to us, up to **You and Me** to fight back. We should learn how to defend ourselves. Learning self-defense will boost the confidence and ability to thwart or deter potential attacks. It can also break the deeply entrenched social stereotype that women are weaker than men.

Considering the recent horrible unfortunate incidents haunting women be it Hathras, Hyderabad, Jammu, or Nirbhaya and innumerable incidences that we endure every day and which go unnoticed; we women need to understand that our safety is in our hands. We can protect ourself and others.

The **SOCIAL AWARENESS CLUB** of MAEERs Physiotherapy College invites the innovative budding and creative minds of the members to come up with ideas to tackle this subject. We want to express the need to promote awareness & importance of learning self-defense.

We would like to have your ideas to prevent and tackle violence against women in the form of short videos, stories, mimes and any other form of expression. Kindly send your entries to **Email ID: ptsocialawareness@gmail.com**
